## Lemon Grove Kids Very Generous In Canned Goods Drive For Indians

**A huge pile of canned goods containing upwards of 3,000 cans has been collected lately from the Lemon Grove school district by a L. G. Woman's Club committee headed by Mrs. Ivan Shepard, chairman of Indian Affairs for the group.**

The food is destined for the DieGueno Indian Tribe at San.a Ysabel Mission in the San Diego backcountry. The collection is an annual event.

**Mrs. Shepard said the school children were very generous. Classrooms in the two junior high and six grammar schools here made contributions.**

# Little Change Results In Sups Boundary Realignment

## COUNTY SEEKS TO MAKE FIVE DISTRICTS EQUAL

SAN DIEGO (CNS) — The county's five supervisorial districts were re-aligned Thursday at a special meeting of the County Board of Supervisors, and Board members showed some misgivings about what they were doing.

The point causing them concern was the question of whether they were living up to the charter requirement that the districts be as nearly equal as possible in population.

The statement of Bertram McLees Jr., assistant county counsel, about the legality of the re-districting, "I think you could probably get away this," drew the fire of Board Chairman David W. Bird.

Bird, whose second district remains the county's largest and little changed in the new boundaries, called McLees' statement "unbecoming a county official." Bird said his district had a "community of interest" which the law considered important as well as population.

But Supervisors Robert C. Dent and De Graff Austin also expressed concern over the population figures.

Registrar of Voters Charles J. Sexton described the boundaries of the new districts to the Board, but he said he did not have figures giving the populations for the districts.

"Since this is supposed to be based on a division of the population," said Dent, "I am a little surprised that you are not able to give us any of the necessary figures."

**SEXTON APOLOGIZES**

Sexton apologized and said he should have had the figures. He told newsmen after the Board session that he had been directed to submit the new district boundaries for the districts and population was not a factor. He did not say who had given him the instructions.

Dent said he was voting for the new district boundaries, but added, "I don't think we have done the job."

Austin made a motion to have Sexton submit figures for the population and the registered voter strength in each district.

Bird said that the re-districting was being done on the basis of population. "So why don't you let it go at that?" he asked.

But Austin persisted, and his motion passed.

Supervisor Frank A. Gibson then said, "Well, if this is the best we can do, I move we approve the plan."

**BIRD HAS 287,000**

On the basis of some figuring by newsmen, after Sexton started to give figures on the new districts and then said he could not continue, Bird's district is believed to have a population of about 287,000. The only area he is giving up is just north of the city limits of El Cajon. However, he is also getting some land in the same area that was in the fifth district of Supervisor Robert C. Cozens but was then annexed by El Cajon.

The total of 287,000 for Bird compared with 292,000 before. Sexton said once the change was taking 6,000 from Bird and another time Sexton put the figure at 11,000, but he later put the figure at 5,500.

Cozens fifth district is coming out at about 185,000, compared with 213,000 before the redistricting. He lost 33,000 in the La Jolla area, but picked up the 5,500 in the El Cajon area lost by Bird.

Shuffling of the three districts within the city limits of San Diego will result in an almost equal division of the population, Sexton told the Board. It was figured by reporters that this would mean about 170,000 to 175,000 of non-service personnel for each, with Austin and Gibson having another 24,000 each of service members.

Supervisors had to pass an ordinance setting the boundaries by Dec. 2, under the charter requirement, or face charges of failing to perform their duties. However, they are going to appoint a committee of 15 to make a study of redistricting.

**MADONNA — Cheryl Jones of El Cajon will portray the madonna in a 300-student Christmas pageant at Grossmont high school auditorium on Dec. 11, 12, 13 and 14 at 8 p.m. Tickets are free but must be ordered in advance.**

## Grove Firemen Run Toyland

**A toyland for local children is being started again this year by Lemon Grove firemen. As an annual event, they devote free time to repairing and painting used toys which are then distributed by the Lemon Grove Woman's Club.**

Mrs. William Sayward, Woman's Club welfare chairman heads the distribution committee.

The Kiwanis Club is furnishing paint and sandpaper for the toyland.

**Anyone wishing to help out in the Toys For Tots program can take their used toys to the fire station, 7853 Central.**

## Miguel Girl Singers, Xmas Display At Woman's Club

**A special display of Christmas arrangements and caroling by the Mt. Miguel high school girls ensemble will be features of the Lemon Grove Woman's Club regular meeting to be held on Dec. 8 at 1:300 p.m. in the Main st. clubhouse.**

Club members are urged to bring canned food for Christmas baskets to this meeting. Welfare chairman Mrs. William Sayward said baby clothing—new or used—is also needed.

Mrs. Ralph Richardson will present Robert Boucher, director of the girls ensemble who will direct the group in Christmas singing. Nancy Nettune will be accompanist.

Hostess for the meeting is Mrs. Frank Barber who will be assisted by Mmes. R. I. Seder, L. R. Butler, James Sharp and William Donovan. Visitors are invited to the meeting.

### A Parking Meter Primer For Young Drivers and Old Children

**This, Dear Reader, is a penny-nickel-type parking meter.**

They went out of vogue several years ago, but like so many of the "good, old things," they are returning to use.

**Those who habitually shop in Lemon Grove and Spring Valley may never have been exposed to any type of parking meter machinery, but they are planted in profusion in the business canyons of many city areas.**

Governing bodies in many cities installed them initially as a mark of civilization. When properly used they were to produce parking spaces where none existed before. Then, one day, a city official looked inside one of them. He found money! City fathers then found they preferred them for producing money more than they preferred them for producing parking spaces. . .and so, one of the marks of civilization was converted.

**They weren't really converted from being a mark of civilization. They were converted from penny operation to dimes.**

To add to the resentment in S.D. at least, city fathers employed meter-maids, a sort of female Castro as it were, to ride herd on the autoist rebels. The meter-maids were uniformed, mounted on silly looking vehicles and set loose to harrass and heckle the public when in fact meter-maids should have been home where they belong, cooking for husband, and having babies.

**Then came the rebellion!**

Aroused people wanted parking meter rates reduced. Others wanted the forest of meters cleared altogether. S.D. city officials argued that the city would lose $319,000 a year if the money that is "rightfully" theirs is taken from them by cutting the parking fee from a dime to a nickel.

**A lot of motorists say the $319,000 doesn't rightfully belong to the city and some of them shop in Lemon Grove and Spring Valley where there are no meters at all and they need not worry whether the S.D. meters charge a nickel or a dime.**

City officials do not say that city expenses should be pared so that shoppers could enjoy a reasonable meter rate while shoppers may add to the S.D. city coffers by shopping downtown.

**While S.D. city officials are in a fizz about what to do on the parking meter rebellion, none has considered publicly what might be his reaction if a rebellion against the city tax rate arose.**

For that matter, no county official has voiced a fear that a revolt against the county tax rate is a possibility.

**Nor has any state official appeared concerned that a resistance to the state tax rate could possibly take root.**

And certainly, no federal official shows the slightest concern that any seed of tax insurrection may blossom, even though the nation's resources are broadcast over the world.

**The parking meter rebellion looks as if it might be successful.**

If it is successful, some smart cookie, some day, may start a nationwide revolution without a cumbersome constitution or a garbled set of by-laws.

**All he'll need is a lapel button in the shape of a miniature parking meter.**

When it happens, we'll sign up fast.

## School-County Patches Blossom Lane Hassle

SAN DIEGO (CNS) — Trustees of the Grossmont Union High School District and the county have patched up their differences over how much right of way should be given on Blossom lane, alongside Mt. Miguel High School, the County Planning Commission was told Friday.

The county and the district's trustees have been at odds for months on how much should be taken from the school for widening Blossom lane, as a condition of getting planning commission approval of plans to build an addition to the school.

The district has accepted a compromise, whereby the right of way will be less than first asked and the county will improve the road, instead of the district, the commission was told.

## Santa Comes To L.G. Chamber Early This Year

**The L.G. chamber of commerce got a couple of unexpected Christmas gifts Tuesday when director George Scott, without fanfare, presented the group with a check for $250 at the regular monthly board meeting.**

It was handed to President Charles Hesser who instructed Treasurer Sam Pernicano to figure it in the 1962 budget.

Jim Spears, overcome by Scott's generosity, offered to absorb the $120 a year janitorial cost of keeping the chamber office clean.

Scott later countered with an offer of $240, in guarantee form, to assure the lighting of the L.G. direction sign on the west approach to the town. The light had been doused a couple of months because of insufficient funds to pay the electric bill.

**The budget, the first one not started with a deficit "in six or seven years" calls for the expenditure of $6,800 in 1962. There will be cash on hand for the first time to the amount of $400.**

In other action, the board voted to award to Edwin Koester, the manager, who has been working without salary for the last half of the year, a plaque for the unselfish devotion to the community through chamber work.

## An Ill Wind . . .

**The capers of a high wind which blew down a subdivision sign at the corner of Agua Dulce road and Campo road was an incident which enabled searchers to recover the valuable stolen antique guns belonging to Mrs. R. Edward Prall of La Mesa.**

**The guns had been stolen during Thanksgiving holiday from a classroom in the Casa de Oro Elementary School fifth grade room and were to have been used in the Thanksgiving play. They were found underneath the sign when it was righted, having been stashed under the sign by the culprits. A valuable powder horn was not found, according to Principal Toth, to whom the guns were delivered by the finders.**

# SANTA TO ARRIVE HERE VIA FIRETRUCK FRIDAY

**Santa arrives in Lemon Grove Friday at 4 p.m. and all good youngsters are invited to see him unpack his bag of good things destined to be chimney-delivered here later in the month.**

Santa will arrive at the L.G. plaza at 4:30 p.m. Friday, if all goes well in the cab of a speedy fire engine driven by one of our town's firemen.

A band will be on hand to greet him, and pom-pon girls from the junior high school will bid him welcome with a colorful exhibit of pom-pon exercises.

The Mt. Miguel 19-piece Pep band, under the direction of Gary Withem, will provide arrival music. Music, of a festive nature, will continue as Santa parades the streets.

**A playhouse, donated by the L. G. merchant's group and built by the Massachusetts Lumber Co., will become Santa's headquarters. The playhouse will be given to some lucky youngster on Christmas Eve. Local merchants will distribute coupons, without charge, for the competition.**

Santa will parade Lemon Grove business streets every day until Christmas from 4 to 9 p.m. and stores will remain open until 9 starting with Santa's arrival.

A suitable backdrop for Santa was put up a week ago when silvery trees and colorful lights were strung the length of the town's main streets.

**Meanwhile, the L.G. Rotary Club is sponsoring a Christmas Party for all youngsters under the age of 14 at the L. G. Bowlero, according to Rotary President Wayne Hoy. Tickets will be distributed through local schools and additional tickets will be given out by local merchants. The party will be from 8:30 a.m. to 1 p.m. Dec. 21.**

G. business firms are helping to sponsor the party so that weary moms and papas can put their youngsters down while they help Santa with holiday plans.

The playhouse will be on display at the Broadway intersection of the plaza every day.

**MERRY CHRISTMAS! — Jolly Old Saint Nick greets local youngsters in a preview of the happy, holiday days ahead in the Lemon Grove business district. # 4 Road Games Included In First Football Year Of Grossmont Griffins'

In the 1962 Eastern Conference football schedule released recently, the Grossmont College Griffins who will be competing in intercollegiate activities for the first time are on the road for four games, while hosting five of the league clashes in the nine game loop calendar.

John Burdick, dean of student affairs at the college named the Helix High School field as the probable site for all home games to be held on Saturday nights. Helix and Mt. Miguel have the only two lighted fields in the Grossmont district, and Helix will probably get the nod because of the better lighting conditions.

The Griffins will open their league campaign against the Fullerton Hornets here on Saturday night, Sept. 22, 1962. Kick-off time for all games will be 8 p.m. The remaining games subject to date adjustment are: S.D. State Frosh (scrimmage, Sept. 29, here; San Bernardino, Oct. 6, there; Mt. San Antonio, Oct. 13, here; Santa Ana, Oct. 20, there; Riverside, Oct. 27, here; Orange Coast, Nov. 3, here; Citrus, Nov. 10, there; Chaffey, Nov. 17, there; Southwestern (of Chula Vista) Nov. 24 (tent.) here.

**A long-time resident of this area, Lee Thompson of 7774 Mt. Vernon st., Lemon Grove reports that a goose he presented to the San Diego Zoo in 1935 is still alive and is now in the children's zoo there.**

Thompson, who is 67 and retired two years ago from San Diego Gas & Electric where he was personnel director, raised geese as a hobby until '35. He said only about two months ago when he visited the zoo he saw the elderly goose again.

**Thompson said the average goose engenders about 10 goslings a year but he wouldn't guess how many geese his goose has had.**

**THIS AREA NEEDS TUMBLEWEED FIGHTERS**

**Most types of weeds—and many higher types of plant-life—have no glamour or romance to them. Not so with the tumbleweed. A beautiful Western ballad entitled "Tumbling Tumbleweeds" has enhanced it in the eyes of men.**

When you chop down or pull up a tumbleweed, you're not dealing with just a plain weed. This fact makes tumbleweed eradication a distinctive pastime.

I make this comment because again local people are not only discussing tumbleweeds but discussing how to do away with them. An anti-tumbleweed committee leader has volunteered in Spring Valley, and one is sought for Lemon Grove. These people will need your help.

**The campaign is tentatively scheduled for after the first of the year. If you're interested in beautifying your community and doing away with a traffic and fire hazard, we'd be happy to hear from you.**

**WHAT BANDS DID HOW**

Last week my comments on high school bands were not quite true. I said Monte Vista had done better than any other high schools in this area at the Long Beach band review lately. Among others, Mr. Ketner and Mr. Dryden brought this to my attention. But taking the blame with me are two news sources at Monte Vista High.

To make things correct, here is further info:

Grossmont high took sweepstakes at Long Beach. El Capitan took first in class B and second in sweepstakes. El Cajon took first in class C, Miguel took first in class A, Granite Hills got first in class C and Monte Vista took third in class D.

Better?

## 'God's Greatest Gift' Christmas Theme At Casa De Oro Baptist

Rehearsals are being held at the Casa de Oro Baptist Church for the annual Christmas program to be presented Dec. 17 at 7 p.m. The theme this year is "God's Greatest Gift," and all departments of the church will participate, including the cradle roll.

The Christmas Cantata "Born a King" by John W. Peterson will be presented at the church on Fri., Dec. 22 at 7:30 p.m. The canata will be directed by Mrs. Harold Moline with Mrs. Al Stone as accompanist.

The WMS held a special meeting Tuesday at which foreign missions were discussed. Several members, representing "natives" in their native garb were presented. The program included the Christmas Story from the Bible. It was illustrated by members of the WMS. The social room was decorated for the occasion and "foreign" refreshments were served by the hostesses; Mmes. W. Grellson, A. McIntyre and E. Anderson.

Tables were candle-lit, the candlesticks being from several foreign countries. The meeting also included White Cross work for the missionaries the receiving of a missionary offering and a gift-exchange of homemade articles.

Again this year, instead of the church members sending cards to each other, they are being encouraged to contribute to "Money for Missions." A large Christmas card is being placed in the foyer of the church, along with a "bank" in which money equal to cards and stamps, may be deposited. This will go on all during the month of December. A report will be given at the New Years Eve services.

There are many types of tape recorders, each offering the same, and in many cases, different features. Before you invest, call the Better Business Bureau, BE 3-7711, and ask for their 12-page illustrated booklet on tape recorders.

# British Religious Author To Talk At Spring Valley Baptist Church

The Rev. Ivor Powell, known throughout the British Commonwealth as "The Man from Wales" is scheduled for evangelistic services at the First Baptist Church of Spring Valley Dec. 10 through 17. Rev. Powell is one of the best known denominational evangelists in the world today, according to a recent report. He has preached in churches of nearly every Protestant denomination, and has been the official evangelist of Baptists in South Africa, Australia and New Zealand.

Rev. Powell is the author of 12 books on travel and theology; his latest, "Don't Lose That Fish" is based upon the Lord's call to His followers to become "fishers of men." Several of his other books based upon the Bible are "Bible Highways," "Bible Treasures," "Bible Cameos" and "Bible Pinnacles." He has also produced 16 motion pictures, covering his world-wide travels. They include "In Search of Australia," "Sunrise in New Guinea," "Beautiful Tyi-Paradise Isle of Southern Seas," "Wild Life in Africa," and "Wonderful New Zealand."

Rev. Powell's film in New Guinea was so successful that the Australian Government sought a copy for inclusion in its National Library. The film to date has been responsible for raising over $250,000 for missions.

Mrs. Powell, who travels with her husband, is an excellent musician in the field of religious music. She is also an able speaker and a favorite with women's organizations in the many churches where she and her husband have appeared.

The subject of the Lesson-Sermon "God the Preserver of Man" is keynoted in the Golden Text from Numbers (6:24-26), "The Lord bless thee, and keep thee: the Lord make his face shine upon thee, and be gracious unto thee: the Lord lift up his countenance upon thee, and give thee peace."

ANESTHESIA, similar to that used with humans before an operation, has been introduced in hundreds of U.S. packinghouses in the past year as a result of a new federal humane slaughter law. All packers who sell to the government must render hogs, cattle, and sheep unconscious in a painless manner before killing.

# LM-SV School District Drops Plans To Buy La Presa Site

## Action Follows Grand Jury Investigation

The much-debated La Presa school site number 3 will not be purchased by the La Mesa-Spring Valley School District, according to action taken at a long, special meeting held last Saturday by the board of trustees.

The vote at the meeting was 3-2 for abandonment of the site.

This action came soon after the recent Grand Jury investigation of the school district. One statement made by the Grand Jury in the report that followed the investigation according to a release from County News Service on Nov. 30 was:

**"Payment of approximately $300,000 after improvements for a 10-acre elementary school site in this area (La Presa) appears excessive and unreasonable."**

**REASON FOR INVESTIGATION**

The Grand Jury began investigation of the school district, according to the County News Service after complaints about the price for a La Presa area school site and how the district's Oct. 10 election was conducted.

Dr. Edward Smith made the motion to abandon the site at Saturday's lengthy meeting. Dr. Cyril Padfield and Mrs. Anna Dewey voted with him for abandonment. Albert Peters, president of the district's board of trustees and Mrs. Margaret Burnett voted against abandoning the controversial site.

**Dr. Padfield said simply that it would be foolish to buy the site if the district "doesn't have the money."**

Associate superintendent of the LM-SV school district, Dr. M. Ted Dixon told the board of trustees about his study of the La Presa number 3 site. He didn't recommend it because it is too near a proposed freeway which would be noisy. However, he had found the site desirable in many respects.

**DISTRICT LOSES**

The district will lose money by abandoning the site. James Mille, who represented County Council, replied to a question with the information that cost of abandonment proceedings going under litigation was between $15,000 and $35,000.

Marvin Marquardt of Lemon Grove, hired by the LM-SV school district to appraise La Presa number 3 site stated that other property in the area would be about the same cost due to necessity for grading and blasting and unforeseen problems.

The report issued on Nov. 23 by the Grand Jury listed five other statements in addition to the one given above, according to County News Service.

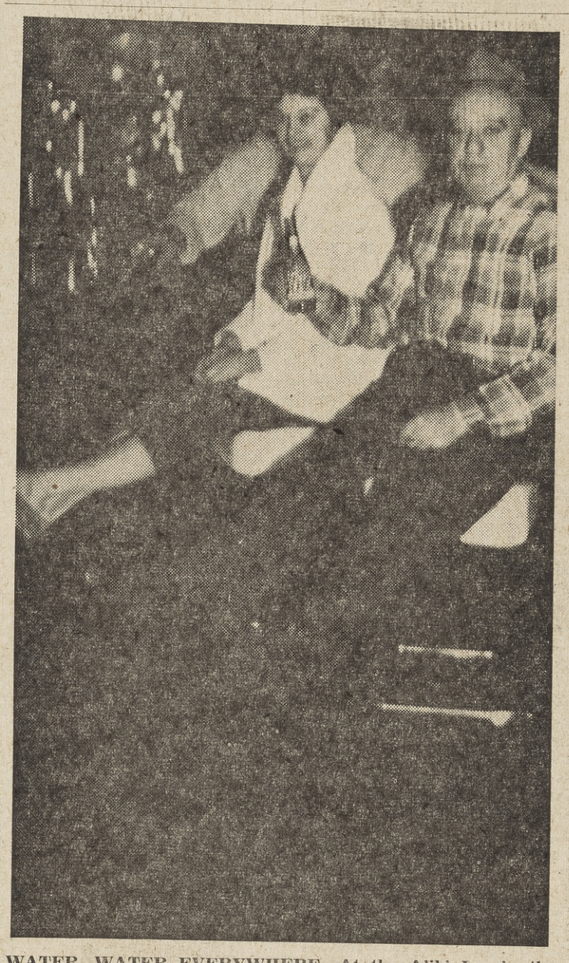

They are:

"All plans for future school sites should be flexible so that no district should be compelled to make a puchase of land under pressure, as was done in this instance.

"We deplore the practice, direct or indirect, of intimation and coercion in elections.

**WATER, WATER EVERYWHERE—At the Alibi Inn in the 7200 block on Broadway in Lemon Grove last Saturday afternoon, these people found it drier to keep their feet out of some two inches of water that flooded the place following extra heavy rains. The culvert that runs behind the Alibi Inn overflowed, flooding other businesses and private garages too.**

**A. E. Lindsley, property owner and resident of 1650 Watwood in Lemon Grove, said the flooding is an annual event. Last year the Nye Optical Co., operated by Richard Nye of 7773 Skyline dr., suffered $3,000 damage from the flooding. Nye reported the same flooding conditions Saturday but said there was little damage.**

**An attempt to get the county to fix the culvert so it won't overflow has met with no response.**

## Bad Checks, Shoplifting Increase

**SANTA'S PRECURSOR**

The first of the Holiday Season's shoplifting in Lemon Grove was reported by Graydon Calder, operator of Calder's Toy Town, 7923 Broadway. A young lad, 11 years of age walked out of the shop with a stamp album valued at $4. The boy was released to sheriff's deputies who, in turn, released him to his parents.

Gerald Mather, manager of the L.G. Department store, reported to the sheriff's dept. that a man listed as Jerry H. Foland had issued a check to the store for clothing purchased the week before. Investigation disclosed that Foland, who lives in San Diego, is in custody of the S.D. police dept. in lieu of $1,500 bail on a similar charge.

**BAD CHECK GIVEN**

Ted Fetters, owner of Pal's Cafe, Imperial and Lester, L.G. is looking for the passer of a check for $143. The man's name attached to the check is Carl A. (Pete) Hendershott. Fetters was advised that the S.D. police are looking for the same man on a similar charge.

**BOUNCING CHECK**

A check for $30 which was issued by a person who signed it Jerry Haden Poland, bounced back to Haizlips' Pharmacy last

## POST OFFICES ADVISE EARLY MAILING, CAFEFUL WRAPPING OF PACKAGES

Lemon Grove Postmaster Frenchy Faucher and Spring Valley Postmaster Mildred H. Moran announce that their 1961 "Mail Early For Christmas" campaign is now in high gear, but he expressed concern because mailing of Christmas gift packages seems to be lagging and too many people do not realize the need for careful packing and wrapping of their cherished Christmas gifts.

He stated, "It's hard to understand why people will be so careless about putting valuable Christmas gifts into the mails in flimsy boxes and loosely wrapped packages. Many of these poorly wrapped gifts simply cannot stand the necessary handling, and thus cause much delay and disappointment all around."

The Postmaster said further, "I cannot emphasize too strongly the importance of careful Christmas mailing procedures. For example, it's best to print the recipients full name, street address, city, zone number and state on each mailing label, making sure to include an extra label inside your gift packages."

# Monte Vista Students Pick Their Symbol

Monte Vista High School in Spring Valley, the newest of the Grossmont Union High School District schools, has announced the selection of its official school crest. Students made the final choice in a student body election Nov. 7.

The chosen crest consists of a shield with the leters MV on it, flanked by two lions upholding a crown, and a ribbon at the bottom bearing upon it the school nickname "Monarchs." The crown signifies leadership. The torch of knowledge which tops the crown stands for Monte Vista, while the three points on either side of the torch symbolize the other six Grossmont District high schools.

CREST—This official crest of the new Monte Vista High School in Spring Valley was selected by student vote.

The circular stones at the bottom of the crown signify the judicial, executive, and legislative branches of the United States government, included in the democracy of Monte Vista High School. Four stones on the shank of the torch represent honor, citizenship, faith and integrity.

The shield is a symbol of protection. The letters MV are drawn together to show that Monte Vista is a united school.

The two lions standing upright facing the crest signify a learning to subdue beastly natures and a respect for law and order. The lions are also symbolic of courage. The colors of the crest are red and gold and signify courage and royalty, respectively.

The crest design was drawn up by George Gray, Monte Vista art teacher, and was based upon ideas submitted by students and other interested parties.

She said she believes it must have been a customer who knew that this was the weakest of the two doors and it was locked from the inside with a padlock.

Wayne Clemens of La Mesa, going by in the morning, noticed the door slightly open and called the sheriff's department.

The suspect took money in a canvas bag and also took the bills from the cash register.

An attempted burglary was reported by Mrs. Marguerite Francis Gordon at her home at 4610 Conrad dr., S.V. last week. After she refused to answer a knock at the door on the afternoon of Nov. 28 she later heard sounds coming from her back door. Looking out her back window she discovered a juvenile male, about 18 or 19 trying to pry open a lock on the back door. The prowler ran to the front and hopped into a car and sped away, she told officers.

**BIKE FOUND**

Pre-fab soil pipe worth $150 was taken from a new house in the 1100 block of Purdy st., S.V. last week and was sold to Ace Metals Co. as junk metal for $11.37. The Ace people called the Kitzman Co. when they discovered that firm's stamp on it. The firm notified the sheriff's office and they picked up Gilbert Ray Phillips, 24, of El Cajon and Larry Eisenheis, 23, of Louisville. The miscreants entered a plea of guilty Monday in the El Cajon Municipal Court and were given six months county jail, suspended, and put on probation for three years.

## Clothing Needed In Annual 'Operation Handclasp' Here

Dear Friends,

We are writing you again this winter about "Operation Handclasp." The much needed clothing and articles which you sent were well appreciated. Can we do this job again this year?

"Operation Handclasp" is a way in which we can communicate our "People-to-People" program between Americans and citizens of other lands. We are fortunate here to have everything we need and more. We have wonderful opportunities, jobs, homes, and places to worship. Our friends across the sea are not as fortunate as we.

These families who live in sampan houseboats 15x8 feet survived on one small meal a day. They expressed gratefu replies for your aid of shoes and clothing.

Will you help them by bringing in your used articles to our store? As an inducemen for your kindness, we offer you 10 per cent price reduction for any of your purchases.

Sincerely,

Lowe's Toggery, The Friendly Shop for Ladies' and Children's Apparel
3321 Imperial ave., L.G

P.S. Used clothing will still b appreciated with or withou purchases.

**HELP!! WANTED**

One amateur magician, clown or puppeteer who would donate his time and talents for a worthwhile cause is needed.

Avondale's PTA has planned a festive Christmas party for their children to relieve hard working parents and room mothers of the added burden of individual class parties at this busy time of the year.

At 10:30 a.m. the lower grades will be shown a Christmas film. Mr. Armstrong, principal of Maryland Avenue School and an amateur magician, will then entertain with 'the hand is quicker than the eye' feats. The 1 p.m. show for the upper grades, will also start with a film, but thus far there is no one to complete the program.

Santa Claus will be on hand for both performances to give our treats to all the children so all that is needed is a talented someone, who can spare about 15 minutes. If you can, call me, please.

**ALL'S WELL THAT ENDS WELL**

Several weeks ago several questions were asked in this column concerning the planned development of the Dictionary Hill area. These questions were answered and backed up by official documents, which showed the past, present and future of Dictionary Hill; the part which the La Presa Water District will play in this development and the eventual effect it will have on our community.

**ELECTION RECOMMENDATIONS**

"In the matter of school elections, we recommend: close supervision by the proper authorities, poll workers be thoroughly trained in their duties, and all ballots be numbered.

"The primary purpose of the schools is the education of the child. The most important factor in implementing this purpose is the quality of the classroom teacher. A study is recommended of the reasons for the large turnover in the teaching staff.

"Administration costs should be reduced to conform with those of districts of similar size.

The Grand Jury also backed a 1960 Citizens Advisory Commission report to a State Legislative Committee, in which it was declared that supervision of "the learning processes" should be in the hands of elected school trustees and not just given over to "professional educators."
